

## FAQ 2

What is the artists choice finish ?

Our artist choice finish is a customized finish or patina,chosen for you by us,that we apply to your item or sculpture.If you like surprises this might be the finish for you.Sometimes it's a variation of a classic finish or even a wild multi-color,multiple process finish.Because we like to try new and different things,an artists choice finish is sure to be an original.We realize that "art is in the eye of the beholder"so we try not to make anything to wild.
